

# Blackout KM for PATROL<sup>®</sup>

## Release Notes

**Supporting**  
Blackout KP for PATROL<sup>®</sup>  
Version 1.2.00

*November 2008*

## What's New

Sentry Software is releasing version 1.2.00 of the Blackout® Knowledge Module for PATROL® product. This section provide information about the enhancements and resolved problems in this release. The information in this document supplements and supersedes information in the Blackout KM product manuals.

### New Features

- **New/Edit Blackout wizard > Blackout Types: No State:** prevents status changes in the blacked-out classes and instances.
- **[Blackout Name] >KM > Export this Blackout:** to export the configuration of the selected blackout.

### New Menu Commands

- **Default Blackout Types:** to enable the user to preselect a default settings for each new blackout.
- **Start/Stop All Blackouts :** to start/stop all configured blackouts all at once
- **Pause/Resume All Blackouts :** to pause/resume all configured blackouts all at once.

### What Changed

Starting version 1.2.00, there is no need for license key to activate the product.

### Corrected Problems

The online help on UNIX consoles is now properly displayed.

### Full Documentation Package

The Blackout KM for PATROL documentation includes:

- Blackout KM for PATROL Installation Guide
- Blackout KM for PATROL User Guide
- Blackout KM for PATROL Reference Guide
